SUMIT SHIDOLE

SOFTWARE DEVELOPER

SKILLS

- Programming: Python, Java, C++
- Machine Learning: MediaPipe, TensorFlow
- Computer Vision: OpenCV
- Web: HTML, CSS, JavaScript
- Backend: Flask, Python
- Tools: Git, GitHub, VS Code

CERTIFICATIONS

- Python Internship – Live Coder
- Infosys CSS Course
- Introduction to Generative AI

LANGUAGES

- English
- Hindi
- Marathi

PROFILE

Computer Engineering graduate (B.E. 2028) with experience building real-time computer vision and machine learning applications. Strong foundation in Python, Java, and Data Structures & Algorithms. Experienced in developing end-to-end ML systems using OpenCV, MediaPipe, TensorFlow, and Flask.

EDUCATION

B.Tech Computer Engineering 2025 - 2028
Vidyalankar Institute of Technology, Mumbai

Diploma Computer Engineering 2022 - 2025
Shivajirao S. Jhondhle Polytechnic
Aggregate: 90.46%

PROJECTS

Sign Language Translator
Tech: Python, OpenCV, MediaPipe, TensorFlow, Flask

- Developed real-time hand gesture recognition using MediaPipe + TensorFlow
- Built low-latency prediction pipeline for webcam input
- Developed Flask web interface to display characters and sentences dynamically

PaintVision Application
Tech: Python, OpenCV

- Developed hand-gesture virtual painting system
- Implemented real-time finger tracking for drawing on digital canvas

INTERNSHIP EXPERIENCE

Python Intern
Live Coder | Jun 2024 – Jul 2024

- Improved application workflow efficiency
- Collaborated with team to implement features and fix bugs
